Attachments: FFY21_EPA_Inspection_Targets_Vetted_Updated20210222.xlsx

Yes, these are in the Chesapeake Bay. See attached. I've added both of these to the "Vetted EPA Inspection Targets" sheet. I also moved **Nonresponsive based on revised scope** that sheet (from the Not Yet Vetted sheet), since they said they have no reservations for an EPA inspection. Only waiting on MD now.

Nonresponsive based on revised scope is in ICIS-NPDES/ECHO **Nonresponsive based on revised scope** not in ICIS-NPDES. But I was able to find the address using the SWIGP data that we downloaded off of VA's website to confirm.

Best,
Amanda

Amanda – I'm guessing these would be in the Bay, right? If so, I'll add them to my list too.

Thanks.

I'm sorry. I thought I had already sent that information to you.
The following 2 facilities are located in our Northern Regional Office area.
Both are SWIGP facilities.

Nonresponsive based on revised scope

Please let me know what information you need on them and I will send it to you.

Thanks
Troy

Thanks, Troy! Were there any other industrial targets you wanted us to consider? I seem to recall that from a phone call.

Thanks!!!!

Stacie,

I talked with our regional manager and enforcement staff.

There are no reservations by DEQ for EPA to perform an inspection at the

Nonresponsive based on revised scope

I have added to my copy of the EPA inspection targeting spreadsheet.

Please let me know when your staff and/or the contractor would like to have a conference call to discuss historical information about this facility.

Thanks

Troy – Just as quick follow-up on this, I think that Ingrid shared with you this as a potential target as well. Could you give us some feedback on this one? Just trying to finalize some sort of list to give to the contractor to start doing some of our FY21 inspections.

Thank you! Have a nice week-end.

I have not had a chance to talk with Kristen or any of the regional managers.

It is on the agenda to discuss on the monthly conference call with the regional managers on Thursday of this week.

I will provide a list of facilities once the managers have looked at their facilities.

Good afternoon,

Just a quick check-in on the potential sites to be referred to the region for follow up/investigation/inspection. Please let me know if you'd like to discuss further.

Thank you,
